Anti Doping Policy

The British Columbia Weightlifting Association (**BCWA**) and the Canadian Weightlifting Federation Halterophile Canadienne (**CWFHC**) are unequivocally opposed, on ethical, medical and legal grounds to the practice of *doping in Sport* and fully supports the position of the IWF, the IOC, and the Canadian Centre for Ethics in Sport (CCES) against the use of banned and restricted substances. The use, possession, trafficking, or encouragement to use banned or restricted substances by any member of the BCWA are unacceptable, constitute doping violations, and will not be tolerated.

I have read the above statement and understood that by violating the above statement, I will accept any and all consequences. As well, I understand that the list of banned substances changes from time to time and I will keep myself informed of these changes by contacting BCWA or the Sports Medicine Council of BC.
